2. Use the Big Shot and the largest of the Stitched Shapes Ovals to cut an oval from the center of the large piece of Wood Textures DSP.
3. Use the largest of the Layering Oval Framelits to cut a mat for the oval from the small piece of basic black.
4. Use the Grapefruit Grove Ink to stamp the orchid pieces on the whisper white card stock
5. Use the sponge daubers to add Lovely Lipstick ink and then Grapefruit Grove ink to the flower pieces to create the “painted” effect.
6. Die cut the orchids and the branch from the smaller piece of the wood textures DSP.
7. Stamp the leaves in black onto the dry watercolor paper and die cut with the Orchid Builder framelits.
8. Place the Wood Textures DSP card front piece (the one with the oval cut in it), into the Ruffled Embossing Folder and run it through the Big Shot.
9. Add Tear and Tape to the back and attach it to the Basic Black Mat before attaching it to the card base.
10. Attach the wooden oval to the black mat and then attach this piece to the center of the card with Dimensionals.
11. Use a few small drops of the multipurpose glue to attach the branch.
12. Sponge around the edges of the flower pieces with Grapefruit Grove before attaching them together, using a glue dot in the center, and Dimensionals to pop up the petals.
13. Use Glue Dots to attach the flowers to the card.
14. Use Mini Dimensionals to add the flower centers.
15. Use Glue Dots to add the leaves.
16. Clean stamps with the Stampin Scrub and Mist.
