7 x 10 “ – Score and fold at 5-1/2” – card base

17.25 cm x 25.25 cm score and fold at 12.5 cm

4-1/2 x 6-1/2 “– mat

11.43 x 16.51 cm

4-3/8 x 6-3/8 – mat

11.125 x 16.205 cm

4-1/4 x 6-1/4” – art piece/card front

10.795 x 15.875 cm

## DIRECTIONS:

1. Die cut a circle from the mask paper and attach in the bottom right section of the Neenah Solar White art piece.
2. Use a blending tool to start adding the Peacock Feather Distress ink all over the card front.
3. Add a small amount of Twisted Citron Distress Oxide ink to the top right corner and some Wilted Violet Distress Oxide Ink to the left side.
4. Use the small leaf stamp from Creeping Vine set, and the Broken China Distress Oxide ink to stamp the leaves all over the background, twisting the stamp so all images are not going in the same direction.
5. Remove the mask from the moon. Using the same die, cut another circle from a scrap of card stock the same size as the art piece (4-1/4 x 6-1/4).
6. Use this piece to reverse mask the moon. Add Twisted Citron Distress oxide ink all over the moon, then a small amount of Peacock feathers ink just to the left side. Come back with the Twisted Citron ink and blend it in.
7. Tear some hills and valleys out of a piece of printer paper and use this as a mask to sponge the ground under the fairy at the bottom of the card (watch the video on how to do this).
8. Use the VersaFine Onyx Black ink to stamp the wings of the FairyTale stamp onto the post it note where the sticky backside will be under the stamped image. Cut out the wings.
9. Place the art piece into the bottom left corner of the Misti.
10. Clean the Fairy stamp and place it on your art piece where it looks like her hand is holding the moon.
11. Flip the clear arm closed on the Misti to secure the stamp to it, open it again, ink the stamp in Black ink and close and stamp. Repeat if necessary until you have a solid black image.
12. Clean the stamp and remove it.
13. Place the mask you created over the wings.
14. Place the large dandelion stamp over the wings on the left side of the art piece.
15. Close the Misti clear arm to secure the stamp to the inside, open the arm, ink the stamp and close it again to stamp the image. Repeat if necessary until you have a solid black image.
16. Remove the art piece from the Misti and use the small Dandelion stamp to stamp an image in the bottom right corner.
17. Use the small leaf stamp again, stamping in black around the top and down the right side of the art piece.
18. Cover the moon again, and use a tissue to cover the fairy and wings.
19. Add a lot of water to the gold watercolor and use a paintbrush to splatter some gold ink around the art piece.
20. Squeeze a small amount of White Acrylic paint onto a lid or acrylic handle and use the non-brush end of a paintbrush to add medium dots around the bottom of your art piece, under and around the fairy.
21. Use a smaller end of a paintbrush to add a bunch of smaller dots. Add these smaller dots up into the black leaves at the top, and on the dandelion images as well.
22. Once all the paint is dry, cover the piece, again with the cardstock you cut the circle in for the moon.
23. Splatter some water onto the moon, and pat dry with the tissue. The water will also wick up the ink, giving your moon a cool crater look.
24. Use the scor tape to attach the art piece to the black mat, the gold mat and then the card base.
