CARD STOCK AND DESIGNER PAPER:

Neenah Solar White 110#
Simon Says Stamp Black card stock

5-1/2 x 8-1/2 – score and fold at 4-1/2 – card base.
3-7/8 x 5-1/8 – mat behind card front
1 x 2 – scrap for sentiment
4 x 5-1/4 – card front /art piece

Neenah Solar White 80#

DIRECTIONS:

1. Use the blending tool to blend the three ink colours across the front of the card front and then heat set the ink until it's dry
2. Open the Distress Sprayer and flick some water onto to the piece to activate the color and then blot it up with the paper towel – to create the distress look. Heat set again.
3. Rub the entire surface with the anti-static pouch before securing the stencil over the piece with post it note tape.
4. Use the VersaMark Ink pad, to add ink through the stencil onto the card front.

5. Cover with Clear Embossing Powder, shake off the excess and heat set.
6. Secure the die onto the bottom front of the art piece and run it through the die cutting machine.
7. Carefully remove it and push out the letters with the tweezers.
8. Use the glue to attach the card front to the black mat.
9. Use the tweezers to hold the letters; add a small amount of glue and move it around with the tip of the applicator, add the letters to the center of the die cut – to fill in the word.
TIP – clean the top of the glue applicator before putting the lid back on.
10. Repeat the above step with the outline letters in a row above the solid ones.
11. Attach the card front to the card base.
12. Heat emboss a sentiment onto the remaining small scrap of black, cut small pieces of foam tape to the back and attach in the top left corner of the card.
13. Embellish with a few Sequins
14. Clean Stamps with the Lawn Fawn Stamp Shabby

Happy Stamping
