DIRECTIONS:

1. Stamp the flower onto the card front in the Memento Ink.
2. Stamp the flower again onto the mask paper and fussy cut out.
3. Remove the backing and place the mask over the flower and then stamp the stem.
4. Color the flower with the Copic Markers, color the leaves and stem black.

5. Cover the flower with the mask and sponge the background in the 3 colours.
6. Attach the stencil over the art piece and add a small amount of Black Soot ink through the stencil, down the center and around the right side of the flower.
7. Remove the mask and heat set the piece until the ink is dry – place the mask back on the flower.
8. Add the cleaned stencil back over the art piece again and use the fine tip black pen to add stencil lines around the flower.
9. Add the circle stencil over the art piece and use a sponge dauber to add the Gina K White Ink to some of the circles around the art piece.
10. Mix the paint and water together in the paint well and use the paintbrush to splatter paint across the image.
11. Remove the mask and heat set.
12. Touch up the black leaves and stem, with a sharpie – don't use your copic marker here.
13. Use the multi liners to highlight the flower center and deepen the lines around the stamens
14. Use the Ranger Gel pen to add white to the stamens
15. Outline the flower with the ultra-fine Sharpie to make the lines a bit more defined.
16. Clean Stamps with the Lawn Fawn Stamp Shabby
