CARD STOCK AND DESIGNER PAPER:

White card base

4-1/4 x 11, score and fold at 5-1/2 – card base

4-1/4 x 5-1/2 – to die cut the snowy hill

3 x 4 – stamp and die cut the bear.

DIRECTIONS:

1. Stamp the snowflakes in the VersaMark Ink. Cover with the white embossing powder, shake off the excess and heat set.
2. Using the Mini Blending Tools, blend the Distress Oxide Inks over the card front. The white embossed snowflakes will resist the ink and pop out from the color, this is called the Embossed Resist Ink Technique.
3. Rub the piece with a dry paper towel to remove any ink sitting on top of the embossed snowflakes.

4. Mix a small amount of white paint and water and use a paint brush to flick the paint over the card front to add more “snow”.
5. Die cut the mountain and stamp the sentiment onto it before attaching it to the bottom of the card front.
6. Stamp the bear on the remaining piece of white. Color him with the pencils.
7. Use the White Gel pen to add little squiggles to his scarf and highlight the toe on his skates.
8. Use small pieces of foam tape to attach the bear to the card.
9. Clean the stamp with the shammy

Happy Stamping
