View the video for this technique here: https://youtu.be/fgb_vAxKqQw

DIRECTIONS:

1. White heat emboss the images, masking the flowers (see video for both techniques)
2. Do the floating ink technique across the entire card front and then set it aside to dry.
3. Place the black cardstock into the Misti Stamping Tool.
4. Place a few glue dots on the outside front of the sentiment stamp set.
5. Lay it face up on the cardstock and close the lid to secure the stamp set to the lid.
6. Open the lid, peel back the backing on the entire stamp set.
7. Ink the stamp set, stamp it, and white heat emboss the entire thing.
8. Use the paper trimmer to cut the sentiments into strips (I show this in the video)
9. When the art piece is dry, add foam tape to the back and attach to the center of the card base.

- 10. Use smaller strips of foam tape to attach the sentiments.
- 11. Use the micro fiber cloth to clean the stamps.

Happy Stamping
