4-1/4 x 5-1/2 – to foil the sentiment

Gina K Cherry Red

2 x 4 – die cut two poinsettias

Gina K Grass Green

4-1/4 x 5-1/2 – Die cut foliage, 2 of each

DIRECTIONS:

1. Heat up the Gemini Foil Press machine.
2. Place the Ornament plate face up on the hot plate, cover it with the top plate and heat the foiling platform for 15 seconds (see the material Matrix that comes in the handbook).
3. Cut a piece of gold foil the size of the ornament and place it “good side down” on top of the ornament
4. Place the 4 x 4-1/2 piece of white cardstock on top
5. Cover with the top plate.

6. Undock and run it through the Gemini Jr. Die cutting machine. This will emboss the gold into the white cardstock.
7. Gently remove the top plate and peel back the foil to reveal the foiled/embossed image.
8. Repeat the foiling steps for the sentiment.
9. Die cut the sentiment with the oval die.
10. Die cut all the flowers and leaves for the top.
11. Cut out the ornament.
12. Use the blending brushes and the Distress Oxide Inks to blend the card front.
13. Once the ink is dry, mix a small amount of water and white paint and use a brush to splatter the card front.
14. Use foam square to attach the ornament and sentiment and then glue dots to create the flower and attach it on the top left side of the ornament.
15. Use White glue to attach the leaves under and around the flower.
16. Add 3 gold pearls to the center of the flower and a sprinkling of gold sequins on the card front.
