## CARD STOCK AND DESIGNER PAPER:

Neenah Solar White 110#

4-1/4 x 11, score and fold at 5-1/2 – card base

3-3/4 x 5 – card front

½ x 2-3/4 – sentiment

## DIRECTIONS:

1. Use the life changing brushes to add the blue ink to the card front starting with the lightest in the center and working to the darkest at the edge.
2. Mix a bit of water with the Gouache white paint and use the brush to splatter the paint across the card front.
3. Die cut the shimmer snowflake from the card front and save the snowflake for another project.
4. Turn the card front over and use the white glue to attach a piece of clear acetate on the back.
5. Cut thin strips of foam tape and attach around the snowflake on the back of the card front.

6. Lay the card base on your work surface, add a pile of sequins in the center, remove the backing from the foam tape you attached around the snowflake on the back of the card front, and lay it down to secure it to the card base.  
**NOTE** – having the foam tape all the way around the snowflake, will keep the sequins contained and creates the shaker card.
7. Blend the blue ink over the small piece of white card stock and heat set to dry.
8. Stamp the sentiment in VersaMark ink, cover with the white embossing powder, shake off the excess and heat set.
9. Add to the top left of the card with foam tape.
10. Embellish with the Raindrops Sequins
11. Clean the stamp with the shammy

## Happy Stamping

Here are the supplies used. Where available I use **Compensated Affiliate Links**, which means if you make a purchase through my link, I receive a small commission at no extra cost to you. Thank you so very much for your support, I truly appreciate it.

Please note this supply list is for both cards although not all products are used on both
