DIRECTIONS:

1. Use the blending tools to blend the Distress Oxide Ink onto the card front.
2. Heat set to dry.
3. Place the card front into the Misti and use the black ink to stamp the solid leaf image in the bottom left corner.

4. Heat set to make sure the ink is really dry, or the embossing powder will stick to it.
5. Place the piece back into the Misti and use the VersaMark Ink on the Dotted leaf stamp to partially over stamp the black image in the bottom corner.
6. Cover with gold embossing powder, shake off the excess and heat set.
7. Flip the Misti around and place the card front in the top left corner and heat emboss the dotted leaf stamp again on the top right side of the card front.
8. Use the Frame Dies to die cut the piece before attaching it to the card front.
9. Use the Misti to stamp the sentiment onto the scrap of black card stock. Trim to fit and attach to the card in the top left corner.
10. Clean the stamp with the stamp scrubber.
