Picket Fence – A Whale of a Tail Card

Technique: Inlaid Die cut   Level: Beginner/Intermediate

TIME: around 2 hours

STAMPS:
None

INKS:
None

ACCESSORIES:
Gemini Jr Die Cutting Machine
Picket Fence A Whale of A Tail
Tim Holtz Guillotine Paper Cutter
Tombow Tape Runner
Tombow Multi-purpose White Glue
Craft tweezers

CARD STOCK AND DESIGNER PAPER:

SSS Black	4-1/4 x 11, score and fold at 5-1/2 – card base
	4-1/4 x 5-1/2 – panel for outline
Green, blue, white, gray, yellow and pink	4-1/4 x 5-1/2 – die cut pieces for mosaic

DIRECTIONS:

1. Die cut the black panel, remove all the die cut pieces and glue to the card base.
2. This creates the frame for all the remaining pieces.
3. Cutting one color at a time, take out the pieces and glue them into the image.
4. I started with the water and did all the blue in every second section then came back with the green.
5. I did the whale next and then the sky.

The Inlaid technique is very straight forward, just requires patience and a little time.
Happy Stamping
