DIRECTIONS:

1. Use the Misti stamping tool to stamp the baby on the Neenah card stock in copic friendly ink.
2. Color with the Copic Markers and use the die to cut out the image. Go back with scissors and trim off the white outline from under the hands.

3. Use a blending tool or brush to add Peacock Feather ink to the 3=3/4 x 5 piece of white card.
4. Use the Misti to stamp the “View of the Sea” stamp onto the piece.
5. Trace the bottom of the baby die cut at the top of the quilt to cut to fit.
6. Add a piece of coordinating card stock to create the edge of the quilt, or use a copic marker to color it in then use white glue to attach the baby with his hands over the quilt edge
7. Die cut the oval from the card front.
8. Place the card front into the Misti to stamp the sentiment in black ink.
9. Use the white glue to attach the baby/quilt piece to the back of the oval.
10. Use White glue to add a piece of acrylic sheet behind the baby big enough to cover the oval opening.
11. Blend both colors of distress oxide ink onto the remaining piece of white card.
12. Flip the oval piece upside down and add strips of foam tape around the outside edge of the oval, staying in about 1/4” so you can’t see it from the front.
13. Sprinkle in some of the confetti.
14. Remove the protective backing from the foam tape and lay the distress oxide backing down onto it to seal the shaker portion of the card.
15. Add white glue to the back of the shaker piece and attach it to the center of the card base.
16. Clean stamps with the stamp scrubber.
