**DIRECTIONS:**

1. Use the Misti Stamping tool to stamp the Cosmos Background stamp onto the Neenah Solar White card with the Gina K Amalgam Black Ink.  
NOTE – you need to remove the foam pad inside the Misti, as this stamp is rubber with a foam backing.
2. Color the flowers using the flicking technique and the flower centers using the Pointillism technique (see blog for description).
3. Cut the finished piece down to 4 x 5-1/4
4. Place the Frame Die over it and run it through the die cutting machine.
5. Cut a second frame the same size from the extra piece of brown card stock.
6. Use the 1/4" Scor tape to attach the outside frame to the card base.
7. Place a thin line of white glue just inside the frame you attached.
8. Lay in the thin brown frame
9. Add more white glue to the center of the card
10. Lay in the center piece – ensuring you have it right side up and the design aligns.
11. Die cut the sentiment three times and use the white glue to layer the pieces
12. Attach the sentiment down near the bottom of the card
13. Embellish with a few of the copper round sequins from the sequin mix.
14. Clean the stamp with the stamp scrubber.
