Distress Oxide Inks:
Mowed Lawn
Mustard Seed
Abandoned Coral

ACCESSORIES:
Waffle Flower Water Media Mat
Heat Tool
Anti-Static pouch
Black and White Embossing Powder
Misti Stamping Platform
Black jewels or sequins
Studio Katia embellishment tray
And wand

CARD STOCK AND DESIGNER PAPER:
Neenah Solar White #110
Canson 140# watercolor paper
Simon Says Black

DIRECTIONS:
1. Place your water media mat down on your working surface and have lots of paper towel handy, a paint brush and a mist sprayer
2. Precut your watercolor paper to 4 x 5-1/4
3. Starting with Abandoned Coral Ink, twist the ink pad onto the surface of the water media mat.
4. Give the ink a couple of squirts with the mist bottle
5. Lay your watercolor paper into the ink, lift the paper and use the heat tool to dry it.
6. Repeat as necessary to get the color you want in the spots you want.
7. Use a paper towel to wipe up the ink
8. Change to the next color and repeat
9. Continue with each color until you are happy with your card front
10. Lay it aside to dry while you work on more.
11. Once the ink is completely dry, place the card front into the Misti.
12. Place the floral stamp down the left side of the card front.
13. Using VersaMark embossing Ink, stamp the image.
   TIP – as watercolor paper is lumpy, stamp the image a couple of times to ensure full coverage
14. Cover with black embossing powder, shake off the excess and heat set.
15. Switch out the stamp and emboss the word “lovely” in the bottom right corner.
16. Switch out the stamp for the sentiment.
17. Stamp the sentiment onto the strip of black cardstock and use white embossing powder this time.
18. Trim the sentiment.
19. Use the score tape to attach the art piece to your card base.
20. Add the sentiment with a couple of foam square cut in half on the back
21. Add the sequins with the embellishment wand and the white glue
22. Clean the stamps with the shammy

I have created a video for these cards and the technique which you can view here:
