3. Die cut the snowbank from the 2-7/8 x 7-7/8 piece of white card.
4. Place the snowbank into the Misti and stamp the sentiment on the left side.
5. Use the small blending tools to cover the card front with the two distress inks.
6. When the Distress Oxide Ink is dry, add the die cut snowbank to the bottom of the piece and then cover with the Falling Snow Stencil.
7. Add the Snowdrop White Paper Glaze with the palette knife.
8. Remove the stencil immediately and wash it and the palette knife right away.
9. When the paper glaze is dry, add this piece to the card front with the tape runner.
10. Place the 5-1/2 x 8-1/2 piece of Neenah solar white 80# into the Misti and stamp all the art pieces in the black ink.
11. Color the images with copic markers and die cut with the coordinating dies.
12. Add foam squares to the back of all the images and dry fit them to the card front.
13. Use the C2 gray copic marker to add shadows on the snowbank under where the images will go.
14. Remove the protective backing on the foam squares and attach the images.
15. Clean the stamps with the shammy.
