

Nuvo Shimmer Powder – Snowflake Cards

Technique: Heat embossing/shimmer powder

Level: Beginner/Intermediate

TIME: around 10 minutes plus drying time

STAMPS:

Colorado Craft Company – Wishes Snowflake

INKS:

VersaMark Embossing Ink
Nuvo Shimmer Powder:
Blue blitz, Falling leaves, Solar Flare, Violet Brocade, Catherine Wheeler, Atlantis Burst, Cherry Bomb

ACCESSORIES:

Heat tool
White embossing powder
Anti-static pouch
Misti stamping platform
Waffle Flowers, Water Media Mat
Clean Water
Paint brush
Spritzer full of water
Sequins and jewels

¼” Scor Tape
Foam Squares
Studio Catia embellishment wand and tray
Score Pal Mini

White glue
Paper Cutter
Blue Painters tape
Silicone Bone Folder

CARD STOCK AND DESIGNER PAPER:

Neenah 110# White
Canson 140# watercolor paper
Black card stock

4-1/4 x 11 score and fold at 5-1/2 - card base
4-1/4 x 5-1/2 – cut down to 4 x 5-1/4 finished size
various sizes depending on sentiment used

DIRECTIONS:

1. Use the Misti to stamp and heat emboss the snowflake in white onto the water color paper. To mass produce these cards, you want to have about 10 – 12 of these.
2. Use the blue painter’s tape to attach the embossed watercolor paper to a hard board.

TIP – I use the thick cardboard backing from my watercolor pads for this and don't go farther than ¼" in with the tape or you will have a white border on your art piece.

3. Place the Water Media Mat onto your work table to work on and have lots of paper towel off to the side for a place to lay the wet work to let it dry.
4. Use the Sprayer to wet the entire surface of the watercolor paper.
5. GENTLY tap the bottles of shimmer powder to sprinkle it onto the wet surface.
6. SPRINTZ it again to activate the pigments.
7. Use a clean wet paint brush to move the color around, add more pigment if needed.
8. When you have no white spots, use a paper towel to wick up any puddles that have accumulated on the art piece, or around it on the blue tape.
9. Set the piece aside to dry
10. Move on to color the next one.
11. When all the pieces are dry, gently remove the blue tape and rub the entire surface of the dry art piece with a dry paper towel. This will remove any pigment sitting on top of the embossing, or any that wasn't activated.
12. Trim the piece down to 4 x 5-1/4
13. Use Strong adhesive to attach the art piece to the card base.
14. White heat emboss a sentiment onto the black card stock and trim.
15. Attach the sentiment to the card with foam squares to add a bit of dimension.
16. Embellish with a few jewels or sequins.

Happy Stamping
