CARD STOCK AND DESIGNER PAPER:

White Hammermill

Watercolor Paper

Vellum

7 x 8-1/2, score and fold at 3-1/2 – card base

3-1/2 x 8-1/2 – die cut down to size when dry

4 x 6 – white heat emboss floral

DIRECTIONS:

1. Spritz the Speckled Egg ink onto the water media mat. Smoosh the watercolor paper into it a few times and heat set. Clean the mat.
2. Spritz the Mermaid Lagoon ink onto the water media mat – spritz with water to dilute slightly and smoosh the watercolor paper into it until you have the coverage you want. Heat set.

3. Clean the mat.
4. Spray the Twisted Citron ink onto the mat, dilute with water and smooch the watercolor paper into it until you have the coverage you want. Heat Set.
5. Use the little squares on the water media mat to dilute some blue and green paint to splatter across the art piece.
6. Mix some gold Gansai Tambi watercolor and splatter that across the art piece as well.
7. Set the watercolor paper aside to dry.
8. Place the vellum inside the Misti Stamping Platform and stamp the floral image with the VersaMark Ink.
9. Cover with the white embossing powder, shake off the excess and use a hot heat tool to emboss, ensuring you stay at least 4 inches away from the vellum so you don't warp it.
10. Fussy cut out the floral.
11. When the watercolor paper is dry, use the second largest of the Slim Line Nesting Rectangles dies to cut out the art piece.
12. Place the art piece into the misti. Place the floral spray at the bottom without securing it.
13. This will give you placement to stamp your sentiment in black ink.
14. Attach the art piece to the card base with scor tape.
15. Attach the floral spray to the card front with foam squares, trying to place them behind dense embossing.
16. Attach to the card.
17. Use the green and blue sequins to cover where you can see the foam tape through the vellum.
18. Use the gold sequins on the art piece.
19. Clean the stamps with the Stamp Scrubber.

Happy Stamping
