DIRECTIONS:

1. Use the Misti to stamp the gnome and the holly on the quarter sheet of card stock.
2. Color with Copic markers and cut out.
3. Use the Slim wiggly line die from the Curved Glimmer Border and Sentiments set to cut out a mountain from white card.
4. Use the mountain cut out to determine where to stamp the trees on the background and stamp them in VersaMark Ink.
5. Cover with white embossing powder, shake off the excess and heat set.
6. Repeat the steps with the star stamp.
7. Use the blending brushes to blend the Distress Oxide ink across the card front.
8. When the ink is dry, mix some water with the white paint and splatter the card front.
9. Again, set aside to dry.
10. Use the tape runner to attach the mountain to the card front and then to the card base.
11. Use foam squares to attach the gnome.
12. Use the Misti to stamp the sentiment in VersaMark Ink onto the red card. Cover with white embossing powder, shake off the excess and heat set.
13. Trim this down tight to the letters and attach to the card front with foam squares.
14. Die cut a branch using the Christmas Blooms, trees and Holly Die set and attach with the Bearly Art white glue just to the left of the gnome.
15. Place a gem in the center of the star in the sky (or snowflake which ever way you are looking at it).
16. Clean the stamps with a shammy.
