

# Simon Says Stamp Gnome In a Globe

Technique: Dye cutting/Embossing

Level: Beginner/Intermediate

**TIME:** 30 minutes

**STAMPS:**  
None

**INKS:**  
Copic Markers  
Gnome's nose E31, RV11

**ACCESSORIES:**  
Die Cutting Machine  
SSS - Lil Gnome Wafer Die  
SSS - Harmony Snowflakes die  
SSS - Sprinkle Snow globe  
Embossing Folder  
Foam Squares  
Bearly Art Glue  
Paper Trimmer  
SSS – Reverse Love Peach Joy  
printed sentiments

## CARD STOCK AND DESIGNER PAPER:

Hammermill #100 White

Pattern Paper

I used Simple Stories Vintage North Pole paper that came in a Simon Says Stamp Card kit in December 2020 – but it looks like it's no longer available.

Vellum

SSS – Glitter White

Pattern Paper Scraps

White scraps

4-1/4 x 11 – score and fold at 5-1/2 – card base.

4 x 5-1/4 – card front.

4-1/4 x 5-1/2 – emboss and cut out Snow globe

4-1/4 x 5-1/2 – die cut snowflakes

for hat and body of gnome, and bottom of snow globe

base of gnome, beard, and base of snow globe

## DIRECTIONS:

1. Place a piece of vellum inside the embossing folder and run it through the die cutting machine.

2. trim around it.
3. Place a piece of white cardstock bit enough to emboss just the bottom portion of the globe inside the folder and emboss it again.
4. Repeat a third time with pattern paper that matches what you used on the gnome.
5. Trim out the white piece leaving the entire base intact and glue it to the back of the vellum as the base.
6. Trim the patterned paper piece so you have just the front bottom section and glue that to the front of the globe.
7. I used pattern paper from a previous Simon Card Kit called Simple Stories Vintage North Pole. I love the pale blue and red combo for Christmas as you may have noticed from previous cards, haha.
8. Die cut the pieces for the gnome and glue them down to a white base.
9. Color his nose with Copics: E31 and RV11.
10. Attach the nose with a glue dot so it's slightly raised
11. Attach the gnome to the front of the Globe with foam squares
12. Die cut the Harmony Snowflakes from Simon Says Stamp Glitter White card stock and glue them on the front of the globe, cutting off the overhang
13. Attach a piece of 4 x 5-1/4 pattern paper to the front of a top folding white A2 card base.
14. Use Foam Squares to attach the globe to the front of the card.
15. **TIP** - you can see foam squares through Vellum, so place them strategically behind the gnome, the snowflakes, and the base.
16. Finally, add a small sentiment from the Simon Says stamp Reverse Love, Peace, Joy preprinted sentiments.

Hope you enjoyed today's card and here are the supplies I used. Affiliate links used where possible at no cost to you.
