5-1/2 x 8-1/2 – gold foil sentiments

4-1/4 x 5-1/2 – dry embossed card front

Spellbinders Waterfall

DIRECTIONS:

1. Use the Misti and the sticky mat to stamp the cosmos image onto the white card stock.
2. Without removing the cardstock from the sticky mat, transfer it over to the Glassboard White Magnetic Glass Mat.
3. Place stencil #1 over the stamped image, pushing down on the outside edges to secure it to the sticky mat and use a blending brush to add a light layer of Lavender Ink through the stencil.
4. Clean the stencil and remove.
5. Place Stencil #3 over the stamped image and use the 0 Shader Brush to add the yellow ink to the small flower centers. – Clean the stencil and remove.
6. Use Glossy Accents to cover the flower centers and set the piece aside to dry.
7. Dry emboss the blue card front with the Lush Vines using the embossing mat.
TIP – spritz the paper lightly with water first, you will get a deeper embossed image and less tearing.
8. Use ¼” scor tape to attach the embossed card front to the card base.
9. Die cut the smaller Stitched Rectangle from white card stock to create the frame and then use Bearly Art glue to attach it to the front of the card.
10. Check to see if the Glossy Accents is dry, if so, finish stenciling the color onto the stamped image.
11. Cut out the image with the coordinating die.
12. Use foam squares to attach it to the left side of the card.
13. Gold foil the sentiments onto the large piece of white cards tock.
TIP – I foil all the sentiments at the same time and save the leftovers for other projects.
14. Add a sentiment to the card.
15. Use the Studio Katia Embellishment wand to add gems to the card front.
