Waterfall, Teal Topaz

Lagoon and Blue Spruce Scraps

Die cutting the foliage

DIRECTIONS:

1. Start by embossing the card front with the NEW Circle Illusion Embossing Folder before attaching it to a side folding white A2 sized card base. As this piece is now extremely lumpy, use a strong tape like 1/4 " scor tape to attach, it's very sticky and only needs a light touch to add it so it won't flatten your embossed image.

2. Next, cut out the foliage from various shades of the teal cardstock. I laid mine it with the darker colors in the back.
 3. Then, use Bearly Art Glue and Foam Squares to attach the pieces to the card front.
 4. Next, die cut the white poinsettias with their beautiful etched detail. There is a small and large die for you to layer to add dimension to each flower.
 5. I added 3 smaller white background flowers with a teal stem as well so I could spread out the white contrast on the card.
 6. Finally, die cut the floral centers from mirror gold cardstock to add a burst of bling.
 7. I used one of my favorite Glimmer Foil holiday sentiment sets, the Yana's Christmas Sentiments for today's card. Glimmered in Gold Foil to match the flower centers on my card. I love this set because it's small, has two fonts and has the coordinating dies to cut them out which is such a time saver.
- TIP – I use my Studio Katia embellishment wand to add my die cut pieces to the glue, it picks them up very well.

Happy Stamping
