**CARD STOCK AND DESIGNER PAPER:**

White Cardstock (Hammermill)

4-1/4 x 11, score and fold at 5-1/2 – card base  
4-1/4 x 5-1/2 – stenciled card front.  
5-1/2 x 8-1/2 – die cuts

**DIRECTIONS:**

1. Start by placing the white card front onto a protected work surface.
2. Next, using Post It Note tape, attach the first stencil (the one with all the thin lines) over the card stock.
3. Then, using blending brushes, add the lightest color ink. I'm using Simon Says Stamp **Pawsitively Saturated Inks** – Seafoam.
4. Next, switch out the stencil for the 2nd one, with the angled half squares.
5. Secure and use the smaller Detailed Blending Brushes to add the next darker color – Surf
6. Finally, switch out the stencil to the third and final one with the small squares.

7. Use a small Detailed Blending Brush to add Amethyst ink for a dramatic pop of color. If you're not feeling as dramatic as I am, haha, use the darkest Teal Ocean which will still add a nice contrast, just not as bold, LOL.
8. To finish, die cut the card front with the **A2 Thin Frames** (2nd from largest) and mount to a top folding A2 white card base.
9. Die cut from white card the **Etched Laurel Leaves** and **Etched Meadow Flower and Leaves** die set (3 flowers).
10. Next, use the Detailed Blending Brushes to add ink.
11. Etched Laurel Leaves – blend a base coat of Surf Ink, then add Celery highlights to the edges
12. For the Etched Meadow Flower: – Start from the bottom of the flower and blend up with Amethyst. Pounce off ink before you start for a bit lighter touch. Then add a layer of Surf Ink at the bottom of the flower for a shadow.
13. Then, add the pieces to the left side of the card with foam squares to add dimension.
14. Finally, add a **printed sentiment** and some **Purple Gems**
