CARD STOCK AND DESIGNER PAPER:

White Cardstock (Hammermill)

4-1/4 x 11, score and fold at 5-1/2 – card base
(3) 4-1/4" x 5-1/2" – card front and cut out two sets of flowers

Vellum

2 x 5 – ink blend purple and cut out sentiment

2 x 5 – cut out sentiment shadow.

DIRECTIONS:

1. Start by securing a white 4-1/4" x 5-1/2" piece of **Hammermill cardstock** to a protected work surface.
2. Next, work your way through the layered stencils (4 in total), using the above noted inks and small blending brushes to lay down the print or wallpaper for the base of the card.
3. Attach it to a top folding white A2 sized card base 4-1/4" x 11" score and fold at 5-1/2".

4. Start by die cutting the [Sunrise Stem](#) twice from white cardstock and gluing together the layers, but not the flower.
5. Next, using Iris, Heather and Limelicious inks, ink blend the pieces, then layer them and glue the flower together (the flower has two layers)
6. Then, ink blend another piece of card stock 2" x 4" in the Heather ink and use this to die cut the [Bestie sentiment](#). Die cut the shadow from [vellum](#). This adds a softer shadow to the sentiment without interrupting the flow of the background stenciling.
7. Attach to the card with foam squares.
8. **PRO-TIP** – you can see adhesive through the vellum, so I cut very skinny pieces from the foam squares and attach them behind the actual sentiment so you can't see them.
