5-1/2" x 8-1/2" score and fold at 4-1/4" – card base

5-1/2" x 8-1/2" – die-cut leaves from the Large Die of the Month set to create the heart

4-1/4" x 5-1/2" – embossed card front

4-1/4" x 5-1/2" frame around card front

Scrap – embossed sentiment

**DIRECTIONS:**

1. Start by cutting a Mint colored card front 4-1/4" x 5-1/2 and embossing it with the 3D Stylized Lattice Embossing Folder.
2. Next, using the Stitched Rectangle Wafer Dies, cut a gold frame and glue it around the outside edge.

3. Then, Using the Botanical Atrium Large Die of the Month, and in particular, the leaf stem, cut this numerous times from a 5-1/2 x 8-1/2" piece of white cardstock until you have enough leaves and branches to create the heart. Lay it out on your work surface and then use a piece of press and seal to pick it up and turn it over. Add foam squares to the back and then attach it to the center of the card front.
4. White heat emboss the sentiment onto a piece of matte gold cardstock and cut it out with the coordinating dies. Cut two more from white cardstock and stack them for some additional height. Attach to the center of the heart with foam squares.
5. Next, using the wax seal kit, melt 5 squares of the glow-in-the-dark white wax and impress the Floral Jewel seal into it. Once cool, remove the seal and color the rose with the gold pen. Use Bearly Art Glue to attach the seal to the right side of the heart.
6. Finally, mount to a top folding, A2-sized white card base. 5-1/2" x 8-1/2", score and fold at 4-1/4".
7. Changing out the sentiment would also make a beautiful Wedding card.
